Family Engagement Matters!

Research shows that family support is more important to school success than a student's IQ, economic status, or school setting. Family support leads to:

- ★ Higher grades and test scores
- ★ Better behavior and more positive attitudes
- ★ Higher graduation rates and better attendance at school

What You Can Do At School

- ★ **Communicate** with your child's teachers through notes, e-mails and phone calls.
- ★ **Attend** school events, parent teacher conferences and open houses.
- ★ **Volunteer** in your child's school and/or classroom whenever possible.

What Can You Do at Home

Parents are integral partners to ensuring student academic success.

- ★ **Plan:** Make sure your children are rested and ready to learn. Attendance is critical for academic success.
- ★ **Talk:** Ask about your child's day at school regardless of age, and don't take "nothing" for an answer. Discuss the benefits of education.
- ★ **Look:** Review your child's work as it comes home and monitor grades on Infinite Campus. Review homework together and seek out homework resources if necessary.
- ★ **Know:** Be aware of your child's academic calendar. Schools provide tutoring and test preparation. Seek out opportunities to support your student when needed.
- ★ **Play:** A wonderful way to boost your child's confidence and basic skills is to have a family game night. Play games that help your children read and practice basic math skills.
